The reply filed on April 29, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants elected claim 4 can not be correlated to selection based on the examiner's original choices of oils or alcohol since claim 4 is drawn to the impregnation of solution with additional formulation which includes both alcohol and oil phase. It is suggested to amend the claim 4 to cancel the term "additionally" so that it would properly represent a species of combination of water and oil phase which is a species other than alcohol only or oil only phase. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
